Cell Project Space presents *Perverts*, a group exhibition that combines emerging artists and writers with internationally renowned artistic and literary figures. The show is organised around the relation of eroticism & desire to the activity of reading and brings the work of contemporary artists into dialogue with historic pieces including writers, performers and visual artists.

Alongside and in conjunction with *Perverts* will be an evening of performances and readings along with a reading room open for the duration of the exhibition.

Developed with the generous support of The Arts Council England.

Supported using public funding by
